

Dan Bank Trees

A group of local residents are very concerned about the number of trees being removed during the current works on Dan Bank. We have been told that the intention is to remove virtually every tree between Dan Bank road and Stockport Road including many irreplaceable mature specimens.

If you agree with us that this will completely ruin the character of this area, please contact our councillors or ring the information line **TODAY** (2 Feb) to express your concerns, as the chain saws will be out again tonight.

Dan Bank information 0845 603 6358

We have arranged a meeting on site this evening (2 Feb) with Alex Bremner, the senior engineer in charge of the project to put forward our concerns. If you could spare half an hour this evening at 7pm, please join us at the entrance to Dan Bank. The more people who attend, the more notice he will take.
